# Innovation in insulation

**Best medium to large business, sponsored by VHI Healthcare: Hastie Insulations**

HASTIE Insulation (Irl) Ltd specialise in large scale thermal insulation contracts for the industrial sector nationwide such as power stations, breweries, pharmaceutical and cement plants.

The company branched into asbestos removal and disposal in 1998 and have successfully completed many con-

tracts on schools, hospitals, ESb stations, private houses and new developments.

Hastie established itself in Drogheda in 1976 after acquiring the contract to insulate the newly built Irish Cement plant at Platin.

The company has since expanded and successfully completed work for many distinguished clients in Ireland such as Lagan and Sean Quinn Cement plants, The Guinness Brewery, Aughinish Alumina, Novartis, Pfizer Pharmaceuticals and

Coca Cola and also several other countries including the UK, Holland, Shanghai and Taiwan.

Hastie are also presently the preferred insulation contractor for ESb Nationwide, Irish Cement Platin, Kerry Ingredients and Foster Wheeler.

Becoming highly recognised in the asbestos removal industry, Hastie are also now one of the preferred contractors for the Office of Public Works resulting in the company's present status as Ireland's leading industrial insulation and asbestos removal company.
